Come Join our Diverse and Dedicated Team

The Washington State Department of Agriculture serves the people of Washington State by supporting the agricultural community and promoting consumer and environmental protection.

The Department employs over 500 employees on a permanent basis and up to 200 additional employees on a nonpermanent basis for various seasonal work load needs in jobs ranging from brand inspectors, grain inspectors, and food safety officers, to computer information consultants and accountants. Offices and employees are located throughout the state.

As a licensed Veterinarian, this position is responsible for public health protection through the control and eradication of livestock diseases, or diseases of captive exotic wildlife or natural wildlife, identification and control of zoonotic diseases, investigation of volatile residues, or the detection and prevention of pathogenic microorganisms in animal food products. Performs individual and herd examinations, establishes quarantines, and investigates animal welfare complaints. Investigates violations of laws pertaining to livestock and poultry diseases and assists in prosecution of violators. Provides unbiased information to general public, special interest groups, media, etc., on animal husbandry practices.
